Will the First Train be Run Over New Road.

An Extra Large Force of Men Pushing Work on Cairo Extension.

ONLY TWELVE MILES MORE

The work on the Cairo branch of the Illinois Central is progressing rapidly and it is thought that the first train will be run over the road about July 1.

An official stated this morning that the grading contractors were working an extra large force of men and guaranteed that they would finish the grading by June 25. The track men are keeping right up with the graders and will be done when the graders are. About one mile of track per day can be laid when the grading is finished, but no gauge can be placed on the latter as many obstacles are met with that require much more time than ordinary straight grading. Only 12 miles of track remain to be laid.

The first train run will be a special and all the newspaper men and city officials will probably be invited to make the trip. The work has been delayed by heavy rains and cold weather but is now being pushed without delay.

NOTABLE EVENTS IN RELIGIOUS CIRCLES

St. Louis, May 8.—Bishops and other dignitaries of the Southern Methodist church were treated to a surprise at the Wagoner Place church when Mrs. Dr. E. M. Seneaney read her paper on foreign missionary work. The paper fairly bristled with medical terms, the physician's wife treating apathy as a disease which might be healed by treatment of the "Divine Physician."

When she began to read her hearers realized that her paper was something out of the ordinary and gave close attention. The illustrations were an apt, and the comparisons so logical, that every word seemed to take effect. The essay sparkled with epigrams, most of which were couched in medical terms.

Prelates who had spent all their lives in church work were reminded that the task of disseminating religious information was not wholly "a man's job."

"Have you ever had your foreign missionary spirit examined?" began Mrs. Seneaney. "Has the Great Physician ever diagnosed your case? Did He find the germs of indifference and lack of information? Has He inoculated you with the missionary work virus, and did it take?"

"Did His antitoxins of love and activity reach the position of your stagnant missionary spirit? It may be you did not carry out the Great Physician's directions. His prescriptions, when filled and taken as directed, are sure to cure."

"He is a specialist for heart and spirit troubles."

"Indifference is a malignant germ. Work is the antidote, and salvation for me and my neighbor the cure."

In this way Mrs. Seneaney brought home to the leading lights of the Methodist Episcopal church, South, the truth that women's work in the church, as well as outside, is apt to be unappreciated.

"There has been found an antitoxin

for stagnation," continued Mrs. Seneaney. "The treatment of Woman's Foreign Missionary society, when properly administered, fulfills the divine commands."

New York, May 8.—Despite the arguments of Dr. B. B. Warfield of Princeton, earnest revision has been given a comfortable majority by the Presbyterians of the country.

"More than three-fourths of the presbyteries have voted solidly for revision," was the word Rev. Dr. William Henry Roberts of Philadelphia, stated clerk of the general assembly, wired to the denominational headquarters in this city. It is admitted, however, that Dr. Warfield's arguments found a following, especially in the Western presbyteries.

The greatest surprise came from the Huntington, Pa., presbytery. It has voted almost two to one against revision, and is preparing a memorial for the general assembly which will cause a stir. Ithaca presbytery also voted against it. Cried revision, however, is assured. This much is admitted by even its most bitter opponents.

"The presbyteries make the law of the church in this case," explained Dr. Devins of the Observer yesterday, "and the general assembly can do nothing but ratify their decision."

While creed revision is the important affair of this year's general assembly, quite a struggle is on for the moderators. It was announced that the New York presbytery will support Rev. Dr. James H. Hoadley of the West Thirtieth street church for moderator. He has been pastor in New York City for thirty years. Besides Dr. Hoadley Rev. Dr. Calvin W. Mateer, former president of Shaw Tngg college, is a candidate, likewise Dr. Roberts of Philadelphia. The general assembly convenes at Los Angeles May 21. The New York delegates will leave next Wednesday on a special train.

EGYPTIAN HUSTLERS

NAME OF A NEW ORGANIZATION OF SOUTHERN ILLINOIS DRUMMERS.

A number of traveling men with territories in Southern Illinois held a meeting at the Liodell hotel at St. Louis and organized a society known as the "Egyptian Hustlers." Many of them are well known here, especially among the drummers.

The following officers were elected: J. O. Amos, Fairfield, Ill., president; F. Boerner, St. Louis, vice president; H. C. Hengar, St. Louis, secretary; F. T. Kelly, St. Louis, treasurer. The next meeting will be held May 18 at the Liodell hotel.

RUSSIA AND CHINA

MAY FORM ALLIANCE.

London, May 8.—The correspondent at Moscow of the Daily Mail says in a dispatch: "I learn upon good authority that the attitude exhibited abroad has induced Russian statesmen to endeavor to bring about a complete understanding with China and thus prepare the way for a possible alliance."

NEWSPAPER CHANGE

MR. J. T. KIMBALL BECOMES OWNER OF THE IN METROPOLIS HERALD.

Mr. R. B. Thompson has sold his interest in the Metropolis Herald to Mr. J. T. Kimball, who is now owner and editor of the paper. Mr. Kimball has been a partner in the business for the past two years and Mr. Thompson retires to become engaged in metropolitan journalism.

CURES WHEN DOCTORS FAIL.

Mrs. Frank Chlason, Patterson, La., writes June 8, 1901: "I had malaria fever in very bad form, was under treatment by doctors, but as soon as I stopped taking their medicine the fever would return. I used a sample bottle of Herbine, found it helped me. Then bought two bottles, which completely cured me. I feel grateful to you for furnishing such a splendid medicine, and can heartily recommend it to those suffering from malaria, as it will surely cure them." Herbine, 50c bottle at Du Bois, Kolb & Co.'s.

FURNACES RESUME

Grand Rivers Industries Now Running Again.

Big Quantity of Material on Hand—A New Railroad.

After having been benked for almost three months, the iron furnaces at Grand Rivers resumed operations Monday. There is on hand a greater quantity of coke than has ever been had since the furnaces began operation thirteen months ago, and the iron ore on hand together with the output of the mines at Iron Hill, will be sufficient, it is thought, to insure a continuous run through the year.

The branch railroad from Iron Hill to the mines in Lyon county at the terminus of which a washer and crusher have been stationed, is almost ready for operation.

A preliminary survey of a road from the furnaces to the mines on the Hillman land is being made and, it is predicted, will be under construction within a few months.

VAST AMOUNTS

AMOUNT OF MONEY DISTRIBUTED AMONG POLICY HOLDERS.

New York, May 8.—Interesting figures have been prepared here concerning the payments by companies and association, on life insurance policies during 1902. The total distribution to policy holders and their beneficiaries was \$320,169,332 in 9,333 cities and towns. The total includes death claims, dividends, surrender values, annuities, etc.

In the statement showing the leading cities where the payments were made New York heads the list with \$22,945,475, Philadelphia \$8,926,908, Chicago \$6,923,457, Brooklyn \$6,805,277, Boston \$6,024,582, St. Louis \$3,727,666, Baltimore \$3,660,600, Cincinnati \$3,511,582, Pittsburgh \$2,690,371, Minneapolis \$2,151,385.

By states the amounts were: New York \$47,996,241, Pennsylvania \$24,473,445, Massachusetts \$16,693,527, Illinois \$12,769,765, Ohio \$12,237,960, New Jersey \$11,935,159, Missouri \$7,132,286. The payments in the Philippines were \$20,34 and in Alaska \$32,963. The amount paid in Canada was \$14,718,049.

PLAN REUNION

SURVIVORS OF STEAMBOAT DISASTER WILL HAVE GOOD TIME.

The four survivors of the Grafton disaster now live in the city and are: Messrs. Ed Hart, Joe Flisch and Harry Mix, steamboat engineers, and Mr. Cal Waggoner, the saloon man. The Grafton was towing for the St. Bernard Coal Co. twenty-three years ago when she struck the Johnsonville, Tenn., bridge and was wrecked, but not lost. Of the entire crew the four gentlemen named above are all that are now left and they contemplate in the near future holding a reunion in commemoration of the event.

NOT AGROUND

THE ARKANSAS SEEMS TO BE SHUT OFF FROM CAIRO.

The report that the Monitor Arkansas was aground at St. Genevieve, Mo., was a mistake. She is only laid up there on account of her inability to get over a sand bar. A dredge boat has been sent for, and it may be the vessel will be able to get through to Cairo yet.

MAY RUN FOR NEW OFFICE.

The Princeton Chronicle in a recent issue says of Mr. Walter A. Blackburn: "Mr. Blackburn has held the position of chief deputy with United States Marshal A. D. James of Louisville for the past five years, and is one of the stalwart young Republican politicians of the First district. His many friends in this judicial district are urging him to make the race for commonwealth's attorney as the Republican nominee, but he has not decided fully about the matter."

NEW POOR HOUSE IN GRAVES.

Mayfield, May 8.—Judge J. T. Webb and Equities Garbutt and Hughes, committee appointed by last session of fiscal court to build a house on the poor farm, went to Paducah to procure an architect to draft plans and make estimates. The house will be begun at once and when finished will likely cost about \$2,000.

MAD DOGS

Excitement Created by Them in Livingston County.

Mayfield Boy Attacked by a Supposed Mad Dog.

The mad dogs in the Salem and Hampton country have been creating not a little excitement. Dixon May at Hampton and the 7 year old son of J. T. Wolfe at Salem are the only persons reported have been bitten, but a number of hogs and cattle have been lost from bites of the rabid beasts, says the Smithland Banner. Mr. Wolfe took his son to the madstone at the Fowler-Crumbach boat store in Paducah Saturday, but it failed to adhere to the place, it only being a small scratch.

Arthur, the 14 year old son of John Goins, north of the city, was bitten by a mad dog last Friday on the left hand, says the Mayfield Messenger. The dog was a Scotch terrier and was immediately killed by Mr. Goins and Orvis Dunn. Mr. Goins took the boy to Paducah, where he put Capt. Fowler's madstone on the bitten place, and it clung to it for twenty hours and then dropped off. The boy is getting along nicely now.

POLICE DEFY GRAND JURY.

South Bend, Ind., May 8.—Thirty South Bend policemen have been called before a grand jury to testify as to alleged irregularities in the release of persons arrested. It is said releases were given without the knowledge of the prosecution. Sergeant Chappell, who was on the stand nearly all day, refused to open the record of arrests made by the police department or to deliver the record to the grand jury. A legal fight will follow for possession of the books, it is said.

FOR THOSE WHO

LIVE ON FARMS.

Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. It is a dandy for burns." Those who live on farms are especially liable to many accidental cuts, burns and bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency. 25c, 50c and \$1 at DuBois, Kolb & Co.'s.

HILL TO BUILD CABLE LINE.

Seattle, Wash., May 8.—The Great Northern railway interests, President James J. Hill being the chief projector, have filed articles of incorporation for the North American Telegraph and Cable Co., which will lay a submarine cable across the Pacific to Vladivostok. The company is capitalized at \$5,000,000. The projected cable will go from Seattle to Valdes and other Alaskan points, and thence to Vladivostok.

WORLD-WIDE REPUTATION.

White's Cream Vermifuge has achieved a world-wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25c at DuBois, Kolb & Co.'s.

SANTA FE

CRUSHES OUT THE LIFE

The most loathsome and repulsive of all living things is the serpent, and the vilest and most degrading of all human diseases is Contagious Blood Poison. The serpent sinks its fangs into the flesh and almost instantly the poison passes through the entire body. Contagious Blood Poison, beginning with a little ulcer, soon contaminates every drop of blood and spreads throughout the whole system. Painful swellings appear in the groins, a red rash and copper colored spots break out on the body, the mouth and throat become ulcerated, and the hair and eye brows fall out; but these symptoms are mild compared to the wretchedness and suffering that come in the latter stages of the disease when it attacks the bones and more vital parts of the body. It is then that Contagious Blood Poison is seen in all its hideousness. The deep eating abscesses and sickening ulcers and tumors show the whole system is corrupted and poisoned, and unless relief comes soon this serpent disease tightens its coils and crushes out the life. The only antidote for the awful virus is S. S. S. It is *nature's remedy*, composed entirely of vegetable ingredients. S. S. S. destroys every vestige of the poison, purifies the blood and removes all danger of transmitting the awful taint to others. Nothing else will do this. Strong mineral remedies, like mercury and potash, dry up the sores and drive in the disease, but do not cure permanently. Send for our home treatment book and write us if in need of medical advice or special information. This will cost you nothing.

ADVICE TO REPUBLICANS.

Savoyard, writing to the Louisville Post from Washington, yesterday says among other things:

"The Republicans of Kentucky have a grand opportunity. All they have got to do is to show themselves to be fit for something. The Democrats confess that they cannot hold an honest convention and they resort to what they announced was to be a primary. But Tophet is full of such primaries as that. Nobody can tell if the thing is to be held under the law, if it is to have a legal or voluntary officers, or even if it will be able to nominate. We do know that under the operation of the call but one man is to be voted for for the nomination for governor. This was predicted months ago. It was asserted that the machine had a slate. Given a machine and a slate, and where do the other fellows come in? The other fellows do no stealing."

"Now what shall the Republicans do? Hold an honest convention that reflects the will of the Republican masses, and not the orders of the Republican bosses. Nominate a ticket that will command the respect of the state, rather than name the uncles of a bread and butter squad. Do that and the people will elect it. And when the party gets the state let it run its administration without a machine, and whip from courts of justice all politics—especially from courts of criminal jurisdiction. And that would be a great thing—to conduct a criminal prosecution in the Franklin circuit court, or the Scott circuit court, on such non-partisan lines that it would not be a vindication of the act of the governor of Indiana in refusing to honor a requisition of the governor of Kentucky for the return of an alleged fugitive from justice."

The manner in which candidates for Republican nominations for state office are coming out indicates a healthy condition of the party. Circumstances and prospects could not be more propitious than now. There is every indication that the Republicans will win an easy victory this year in Kentucky. It will take a long time to hunt the festering sores of the Democrats produced by months of ceaseless back biting, mendacity and bitterness and in fact, some of the Democrats never get over a wrong, or fancied wrong. Those who have this time been compelled to step down and out and let the nominations go to others will not soon forget those who are to blame for it, and if they do not stay at home entirely on election day, they are likely to vote differently from what may be expected of them. All signs point to Republican success, and this is one reason there is being aroused such a lively interest in the party in this year's campaign. Victory is evident on every hand, and the Republicans seem to be ready for it.

These generals in our army who criticize the American soldier, do not gain anything either in the estimation of the people, or of their colleagues. The American people fully understand that while the American soldier may not be a paragon in any sense of the word, he is not a brute, and that most of the revolting stories of his cruelty emanate from ignorant or malicious minds. They are for the soldier every time. General Miles is treated to a seemingly just rebuke by General Bell, just returned, who says in regard to General Miles' report that he had

had been practiced by our soldiers: "While I do not care to be placed in the light of criticizing General Miles, or any of my superior officers, I stand absolutely by the interview cable to this country from Southampton. The American army to the Philippines is as fine a body of men as the world can show. The men have not been guilty of cruelties, and never have been more stringent means than were justified by the circumstances."

The conditions that prevail in Breathitt county are a disgrace not only to that county, but to the entire state as well. It is a reflection on the name of Kentucky to have it published broadcast that the officials in any city or county, no matter how hostile warring factions may be, refuse to make any effort to punish a bloody assassination perpetrated in the temple of justice itself, especially when it is boldly stated, and not contradicted, that many know the perpetrators of the deed. These who have been wont to criticize the mountainous section of the state for its alleged uncivilized aspect, but more especially because many of the people are Republicans, should be more careful in the future. Breathitt county is Democratic, and is supposed to be in the vanguard of aristocratic civilization.

Some good advice is given in an address before the National conference of Charities and Corrections at Atlanta, Ga., by Mr. W. H. Allen, of the New York association for improving the poor, who says the citizen who gives is more to blame for that parasite, the tramp, than the tramp himself. He urges people to do something to eliminate the growing tramp evil by refusing him charity and thus forcing him to work, which he will never do as long as he finds it unnecessary. There are institutions in every city, county and state for the comfort and relief of the worthy destitute and afflicted, and in view of this fact no excuse can be offered for the tramp, and his constant demands on the people for assistance.

The people are learning slowly but surely that every agreement or combination of capital these days does not constitute a trust. The Republican party has been accused of fostering "trusts" because large combinations of capital are known to exist. These are not "trusts" but are perfectly legitimate enterprises. They have never failed to vindicate themselves when brought into court. In time it will be realized that there are worse menaces to society and good government than the large concerns which seek to produce goods in the largest possible quantities at the least possible cost, and thus benefit by reducing the costs millions of consumers in our country.

The people of Lexington, Ky., have a hard row to hoe. They are forced to clean the dirty streets by private subscription because the money appropriated for street cleaning purposes has been spent and there can be no more appropriated until next March. They seem to have quite as good a set of managers in Lexington as in Paducah. One advantage we have here, however, is that most of the time our officials do not clean the streets at all and the expense is reduced to a minimum.

Americans have been hissed in Panama. Some of the little countries south of us that depend on the United States for support in their measures appear to know about as little of the Monroe doctrine as a few of our own fire-eating statesmen. They seem to think the Monroe doctrine is something which prevents the United States allowing any large nation to jump on any small one, no matter what the justification.

Mexico is to adopt the gold standard, and will borrow about twenty five million dollars to make the change. The loan will probably for the most part, be taken in Europe, but will be floated through American houses.

STRIKERS OUTWITTED.

Chicago, May 8.—There is one hotel in Chicago which has clean linen, in spite of the fact that strikers assert no washing is being done.

The manager of the hostelry chartered a tug, loaded it down with a week's washing and started it northward with instructions to bring back the cargo cleaned and ironed, even if it were necessary to go to Canada.

The lake captain steamed into Kenosha, Wis., and sent word to a laundry that there was a package of soiled clothes which he wished done up in a hurry.

The proprietor of the laundry was dumbfounded when his driver brought back several wagon loads of clothes, but the work was done quickly.

A BEAUTIFUL STORE

The Kentucky Glass and Queensware Co., Open at 406 Broadway

Will Conduct a Strictly First Class Queensware Establishment.

The Kentucky Glass and Queensware Co. has finished removing its stock to its new location at 406 Broadway, the building formerly occupied by the bowling alley.

The store has been repapered and painted throughout and rearranged in many particulars and now presents one of the prettiest appearances of any store in West Kentucky. The Kentucky Glass and Queensware Co. is one of Paducah's most substantial establishments, doing a large business, which is increasing in a gratifying measure. It has done a large wholesale business for years and has but recently embarked in the retail business, taking over the stock of the Arcade, and it is the intention of the management to give Paducahans an up-to-date, first class queensware store in every detail—a store where you can go and get the very latest and handsomest things known to the queensware trade as easily as you can in any city store. The business, both wholesale and retail, is under the management of Mr. I. L. Potter, a queensware man of established reputation, which is an assurance that the company will attain its aims.

The store is now open for business and extends a cordial invitation to the people of Paducah to call to see it.

A ROUSING WELCOME

Awaits President Roosevelt in San Francisco.

The City Will Fairly Onto Herself in Honor of His Presence.

San Francisco, Cal May 8.—San Francisco, is making the most elaborate arrangements for the reception and entertainment of President Roosevelt next week. The program in some respects will resemble that carried out at the time of the late President McKinley's visit. The latter, however, came to attend the launching of the battleship Ohio, and this event was necessarily the chief feature of the program. With the visit of President Roosevelt the case is different, and the entire time of his stay in the city will be given over to features of entertainment.

From preparations now in progress it is safe to assert that the city will be illuminated as never before. Great arches of artistic design will span the chief thoroughfares of the business district, and the trees everywhere will be strong with vari-colored electric lights.

There will be a military parade on a gigantic scale, and a big reception so that all may see the president. On Wednesday the speech to the people of California will be given, and the occasion will be marked by a magnificent display of fireworks.

BAPTISTS IN SESSION

Over a Thousand Delegates Now at Savannah.

The Southern Convention Began This Morning.

Savannah, Ga., May 8.—Already there are fully 1,000 delegates in the city for the Southern Baptist convention, which was called to order today. The southern convention of the Baptist Young People's Union held its first meeting yesterday and the trustees of the Southern Theological Seminary were in session all the morning. Last night the alumni of the seminary held their annual banquet, at which over 350 people were present.

The Baptist Young People's convention was called to order by the president, L. O. Dawson, of Enola, Ala., in the First Baptist church. Dr. E. K. Pollard, of Georgetown, Ky., led the devotional exercises with which the convention was opened. Dr. Pollard made a brief address. President Dawson then introduced Dr. Walter Calley, of Chicago, the secretary of the International Baptist Young People's union, who addressed the convention upon "The Source of Hope for the Future."

STRUCK BY A CAR

Narrow Escape of a Two Year Old Girl.

Street Car Ran Against Her But She Escaped Serious Injury.

Rosa, the two year old daughter of Ben Klein, a shoe maker who keeps shop under the New Richmond hotel, ran against street car No. 54, of the Jackson line, in charge of Motorman Tom Blackman, this morning about 10:30 o'clock, and was knocked down and slightly bruised.

The child was playing in the street at the hotel building when the car came up. Blackman was running slowly, having reached the end of the line, when the baby ran into the car. The child was knocked to the ground and its forehead bruised. The father ran out and picked it up and administered to its wants until a physician arrived and made an examination. The injuries are not serious. The accident caused some little excitement in that vicinity and many thought the child was killed from the actions of the parents who were highly excited for a short time.

HOSPITAL BOARD

A Meeting Held at the Hospital Today.

The Hospital Lawn to be Raised and Driveway to be Built.

The Illinois Central railroad Hospital association held a meeting this morning but nothing of importance was done. This is the first meeting held in several months and the following members were present: Chief Surgeon D. G. Marrell, Superintendent A. Philbrick, Louisville division; Superintendent W. H. Stillwell, Tennessee division; Roadmaster P. Loden, Tennessee division; Master Mechanic T. P. Barton, Hoat master J. M. Russell, Louisville division; Engineer John McGintie, city, and Conductor John Wheeden, Louisville and Memphis division. The meeting began at the hospital on West Broadway at 9 o'clock and lasted a short time only.

The proposed improvements to the hospital grounds were discussed and it was decided to begin at once or as soon as possible to raise the entire yard 12 inches and to cut paths and driveways through the grounds from end to end.

20c will buy three cans of fancy corn at Reid & Brynnt's.

WAS ALMOST A FIGHT

Alderman and Policeman Engage in Altercation Today.

They Were Separated Before Any Serious Damage Was Done.

Alderman Gus G. Singleton and Police Officer Buck Whitehurst met at Fourth and Broadway about 12:30 o'clock this afternoon, and it appears had words about what Alderman Singleton said about Officer Whitehurst last night at the board of aldermen meeting. According to bystanders Alderman Singleton struck the policeman once, but Officer Aaron Hurley and Police Commissioner Mann Clark, who were nearby, separated them and prevented further hostilities.

It seems that on account of Alderman Singleton's advocacy of the ordinance some time back to reduce the police force, and subsequently to have the police make sanitary inspections in addition to their other duties, he has come in for some unpleasant criticism from some of the police officers, and the feeling has become somewhat bitter on both sides. Both gentlemen were recognized to answer before Judge Sanders at tomorrow's session of the police court for a breach of the peace.

Superintendent A. Philbrick of the Louisville division and Roadmaster P. Loden of the Memphis division of the I. C. are in the city today.

WHEAT.

Chicago, May 8.—There was good support in the wheat pit today and there was a substantial rise from the lowest point. The Modern Miller was bullish and this was a help to the price. There was a great deal of talk regarding the manipulative clique and it was conceded generally that the Armour forces had sold about six million bushels of wheat during the past two days. Big purchases by the Peavy interests served to encourage holders and on all little declines the timid shorts rushed to cover. Northwestern advances told of decreasing stocks, but the European cable news were relatively good. At the close the feeling was a little nervous, but the undertone was firm. The Northwest reported 81 cars against 153 last year. Chicago 34 cars with 65 estimated for tomorrow. Clearances 394,000. Receipts at the primary points 207,836 vs 218,150 last year; shipments 445,972 vs 397,887. The Argentine visible is 4,080,000 vs 4,008,000 last week and 732,000 last year. The cash situation is very disappointing and the crop reports are mildly unfavorable. Unless conditions change we look for a scalping market for the time being.

STOCKS.

Wall Street, New York, May 8.—Prices today are practically unchanged, as compared with yesterday's. During the early part of the session prices had some further reaction, owing principally to the strike reports. The Rock Island and Frisco deal has been officially announced. Another large trust company, The Mercantile, announced it would quit the clearing house May 18, owing to the burden imposed by the rate that on and after June 1 the trust companies using the clearing house must keep 5 per cent reserve on hand. Considering the action of the market during the past 30 days it is only natural that some little setback such as that of yesterday and today should occur and it is possible that it may go some further, but upon any break from present figures we would advise purchases of the standard issues. The banks have gained from shrinkage since Friday last \$650,000. Thirty nine roads the fourth week in April show an increase of 17.59 per cent. Seventy-four roads average net increase 20.98 per cent. Tennessee Coal and Iron Co's surplus for current quarter expected to be a record breaker, and is estimated at one million dollars against 300,000 in the previous quarter. Opinions prevail that it cannot be long before questions of common stock dividends will be raised for discussion. It has also been rumored that the Morton Trust company will withdraw from the clearing house. Town Topics says: "We believe Missouri Pacific will go higher. There is good buying of copper and we have bull points on it again. We earnestly recommend the purchase of it, and O. and advise our friends to conditionally purchase good stocks on all recessions. Trading again today was on a rather light scale, sales to noon being 244,000 shares. Call money ranges at 2 to 2 1/2 per cent.

FOR MULE STEALING

John Babcock, of Gilbertsville, Arrested Today.

Had a Mule Alleged to Have Been Stolen in Marshall County.

John Babcock, of near Gilbertsville, Marshall county, apparently about 18 years old, was arrested at the Riglesberger mill this morning about 10 o'clock by Officer Tobe Owen on the charge of mule stealing.

Babcock is alleged to have taken the mule of Sam Kolb, of near Gilbertsville, last night and a telegram was received here this morning instructing the officers to keep a lookout for the boy who was supposed to have come this way.

Marshall Crow notified all his men of the telegram and inside of 45 minutes after receiving it had the boy under arrest. He admitted to Officer Owen that he took the mule and was at the time trying to sell it to Messrs. Riglesberger. He wanted \$75 for the animal and had been offered \$50. The mule is a valuable one. Babcock will be held until the Gilbertsville authorities come after him. They have been notified by telegram of the arrest.

MAY KEEP KEEBLER

Light Committee to Meet Probably Today.

It Seems Supt. Wallace Will Not Be Put Back in Charge.

The joint light committee of the board of aldermen and council will probably meet this afternoon or at any rate some time soon to consider the matter of keeping Electrician Keebler in the light plant as superintendent.

An alderman stated this morning that he thought he would be retained. The action of the aldermanic board last night in taking the preliminary steps to have the light plant managed exclusively by the joint light committee of the general council and all the attaches from superintendent down, hired by the committee, seems to indicate that Superintendent Wallace is to be discharged as Assistant Fire Chief Augustus was a few months ago. Superintendent Wallace is just back from a two months' rest at Chicago.

HEAVILY INVOLVED.
A FAILURE IMPENDING.

Improper feeding brings on disease. The use of coffee, for instance, is almost certain to cause organic ill. The whole system of health becomes involved and the physical failure known as collapse is always impending. No financial trouble can cause half the suffering that follows disease, and most disease comes from what we eat and drink.

It is no guess-work, but solid, scientific fact that coffee hurts about nine of every ten that drink it. It attacks the vital organs directly, and indirectly its ill results are frequently seen in the remotest corners of the body. All the while serious organic diseases may be growing that will be hard to cure and the coffee drinker is subject to such suffering as headaches, biliousness, flatulence, insomnia, nervousness and a hundred and one other ills.

"Once upon a time, as they say in fairy tales, when I was controlled by the coffee fiend," writes a lady of St. John, Canada, "life was a weary burden to me on account of the wretched headaches, after weakness of both mind and body and general biliousness, all due, as I afterward found out, to the use of coffee. Acting upon an old friend's advice, I quit coffee and drank Postum, and presto, in a week I was transformed into a different being."

"In a month I was gifted with bounding energy in place of my former lassitude, and a general uprising of my formerly dormant ambitions was plainly evident. I was benefited so greatly that I constituted myself a missionary among my friends to spread the truth about Postum, and I can tell you of many of my friends who have used it with wonderfully good results."

WHO WAS HE?
BODY OF A WHITE MAN OUGHT AT MOUND CITY.

Mound City, Ill., May 8—Monday morning the remains of an unknown man were found floating in the river opposite the furniture factory. Corner Steele, empaneled a jury and held an inquest. The body was so far decomposed as to render the body unrecognizable. It could not be determined whether the body was black or white but the decision of the jury was that of a white man. He appeared to be a middle-aged man, and had been well dressed. His apparel consisted of a red undershirt, black coat and vest, new patent leather shoes with the brand Whiteville Merchantile Co., Whiteville, Tenn., black stockings and 90 cents in his pocket.

ACTIVE START THEN BE MADE

The delay of several months in starting work on the \$75,000 addition to the government building in Paducah promises to end in a few weeks. Today, as will be seen elsewhere, bids are advertised for by the government for erecting the addition to the Paducah building, which when complete will cost close on to \$100,000.

The bids are to be opened in the office of the supervising architect at Washington at 3 p. m. on June 11, and it is probable the contract will straightway be let and work begin as soon thereafter as possible, and be well under way by the latter part of July.

The amount appropriated at present for the work is probably not as much as will be needed before the structure is complete. The government building, as stated before, is practically to be doubled, the addition to be similar to the present building, and located on the west side of it. When finished it will effect a complete change of the interior arrangement.

Strain Affected General Health.

Doctor's Doses Weakened Stomach.

Dr. Miles' Nervine Cured Me.

Dr. Miles' Restorative Nervine brings rest and sweet sleep to the tired brain worn out with the cares and anxieties of the sick room. Read the following:

"I have always been healthy with the exception of a touch of rheumatism since my age came on, up to the time of my husband's last illness some years ago. I assisted in nursing my husband for nearly three months when he departed this life and the mental strain I think caused my trouble. Aside from extreme nervousness my trouble commenced with sore throat and neuralgia. My physician gave me purgative doses which weakened me very much and my stomach for a time seemed inactive. Mental strain and the dormant condition of my stomach soon told upon my general health. I had little appetite and was soon forced to stay in bed a greater part of the time. Within a week after the time I began taking Dr. Miles' Restorative Nervine and Tonic I was up about the house. I continued their use until completely cured. My faith in Dr. Miles' Remedies has been strengthened by experience of other people, our daughter having used Restorative Nervine with splendid results in a case of paralysis and a friend to whom I sent a box of the And-Pain Pills reports that she has been completely cured of neuralgia by their use. I know of a number of others whom your medicine has helped in a large degree. I wish you continued success."

Price of European Armaments.
A million dollar bills packed solidly like leaves in a book made a pile 275 feet high. One thousand million dollars, the price which Europe annually pays for armaments in time of peace, equal a pile of dollar bills over fifty-two miles high.

TOW BOAT LANDING

IT IS CLAIMED THAT TOWBOATS HAVE NO BUSINESS AT WHARF.

In regard to the complaint that there is no place at the public wharf for towboats to land, Wharfmaster Fowler stated today that there is plenty of room over at the Island. It was said down about the river front that towboats have no business laying up at the wharf here, as the wharf is intended for the boats that receive and discharge freight and not for towboats that desire to lay up and be in the way of the other boats. It seems probable, in view of the already limited wharf space, that no relief can be afforded the towboat men.

GAME TOMORROW.

Y. M. C. A. AND ALDEN KNITTING MILL TEAM TO MEET.

There will be a match game of base ball tomorrow afternoon between the Y. M. C. A. team and a team from the Alden Knitting Mills. This will be the first public appearance of the Y. M. C. A. team. The game will be played in the afternoon, beginning about 3:30 and a large crowd is expected out to see the sport.

The boys' department of the association will conduct a refreshment stand at the association building during the carnival to complete the \$75 fund it has been trying to raise to furnish a suite of rooms in the building.

NEW ENGINES.

ILLINOIS CENTRAL IS RECEIVING MANY NEW ONES.

Of the 50 engines of the most improved pattern which were recently ordered by the Illinois Central, five have already arrived at Memphis, and within the next thirty days the remaining 45 are expected. These locomotives are divided into thirty freight engines, ten passenger engines and ten switch engines. While a great many of these locomotives will be distributed all over the road, yet quite a number will be used on the Tennessee division and will tend to a great improvement in the service.

FLOATER FOUND

BODY OF UNKNOWN COLORED MAN FOUND NEAR SMITHLAND.

Smithland, Ky., May 8.—The decomposed body of an unknown negro man was found in some drift on the bank of the Tennessee river on the farm of P. N. Ferrin, a few miles east of Smithland, Monday. The body had evidently floated there during the recent high water. A pocket knife only was found in a pocket of the dead man's trousers, but nothing to indicate his identity. Magistrate W. H. Taylor held an inquest and ordered the body interred on the river bank.

NOT SATISFACTORY

FOUR RECESS PLAN WILL PROBABLY BE ABANDONED.

There has been some talk of dismissing the public schools during the carnival earlier than usual, but this has never been placed before the board and will not be done unless for some big parade.

Prof. J. T. Ross is better today but not able to be at his school.

The four recesses arrangement is not meeting with general approval. Some schools like it and others do not. It is probable this arrangement will be abandoned next week.

SLOW TO ARRIVE.

BREAK AT THE IRON FURNACE NOT YET REPAIRED.

Only a portion of the brick ordered for the repair of the break in the chimney at the Kentucky Iron company plant, at Third and Norton streets, has arrived, and the work on the chimney has been indefinitely delayed. The brick have been ordered for several weeks but are slow in arriving.

SPRING AILMENTS.

There is an aching and tired feeling; the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for anything, and a feeling that the whole body and mind needs tending up. The trouble is that during winter there has been an accumulation of waste matter in the system. Herbine will remove it, secure to the secretions a right exit, and by its tonic effect fully restore the wasted tissues and give strength in place of weakness. 50c at DuBois, Kolb & Co.

DRASTIC MEASURE BECOMES A LAW IN NEW YORK.

Albany, N. Y., May 8.—Governor Odell has signed a bill designed to prevent discrimination on the part of labor unions against members of the national guard. The bill is very drastic and refers equally to labor unions or employers, making it a misdemeanor to interfere in any way with the employment of a person who is member of the national guard on account of such membership, or to dissuade a person from enlisting by threat of injury with reference to his employment, trade or business. It especially forbids any trade organization from adopting any resolution or bylaws discriminating in the matter of membership against any member of the national guard.

The act is to take effect September 1.

MR. W. J. SLATER MADE SUPERINTENDENT OF THE POSTAL

Mr. W. J. Slater, Louisville manager of the Postal Telegraph company, has been appointed superintendent of the fifth district of the company, which comprises the states of Kentucky and Tennessee. He will have his headquarters in Louisville, and will begin the discharge of the duties of his new position at once.

Mr. Slater came to Kentucky from Washington, where he was chief operator of the Postal. He made quite a reputation for himself during the Spanish-American war, when he handled all the government's telegraph business.

ENGINEER HURT

MAYFIELD MAN INJURED AT FULTON YESTERDAY.

T. O. Hubbard, of Mayfield, an Illinois Central engineer who runs out of Fulton, dislocated his left shoulder at Fulton yesterday. His left hand was caught in the cab window while he was descending to the ground and twisted his shoulder out of place. He is not seriously injured, and will return to work soon.

SURPRISED THE NATIVES.

The St. Louis train due at 7:30 a. m. arrived in the city on time this morning for the first time in many months. The depot employees were greatly surprised to see the phenomenon.

 WAS IN FLOWER**
 Or, The Love Story of Charles Brandon and Mary Tudor, the King's Sister, and
 Happening in the Reign of His Ancestress Queen Henry the Eighth
 Rewritten and Rendered into Modern English from Sir Edwin
 Caskoden's Memoir
 By **EDWIN CASKODEN [CHARLES MAJOR]**
 Copyright, 1898 and 1901, by the Doren-Merrill Company

Brandon's former cheerfulness fled
 out with his words, and he sank into a
 chair, with his elbows on his knees and

Brandon and I were struck dumb with
 admiration.

his face in his hands. Mary ran to him
 at once. There had been a little mo-
 ment of faltering, but there was no
 real surrender in her.

Dropping on her knee beside him, she
 said coaxingly: "Don't give up. You
 are a man; you must not surrender
 and let me, a girl, prove the stronger.
 Shame upon you when I look up to
 you so much and expect you to help me
 be brave! I will go. I will arrange
 myself in some way. Oh, why am I
 not different? I wish I were as straight
 as the queen." And for that first time
 in her life she bewailed her beauty be-
 cause it stood between her and Bran-
 don.

She soon coaxed him out of his de-
 spondency, and we began again to plan
 the matter in detail.

The girls sat on Brandon's cloak and
 he and I on the camp stool and a box.

Mary's time was well occupied in
 vain attempts to keep herself covered
 with the cloak, which seemed to have
 a right good will toward Brandon and
 me, but she kept track of our plans,
 which, in brief, were as follows: As
 to her costume, we would substitute
 long trunks and jack boots for shoes
 and hose, and, as to doublet, Mary
 laughed and blushing said she had a
 plan which she would secretly impart
 to Jane, but would not tell us. She
 whispered it to Jane, who, as serious
 as the lord chancellor, gave judgment
 and "thought it would do." We hoped
 so, but were full of doubts.

This is all tame enough to write and
 read about, but I can tell you it was
 sufficiently exciting at the time. Three
 of us at least were playing with that
 comical fellow, Death, and he gave the
 game interest and point to our hearts'
 content.

As to the elopement, it was deter-
 mined that Brandon should leave Lou-
 don the following day for Bristol and
 make all arrangements along the line.
 He would carry with him two bundles,
 his own and Mary's clothing, and leave
 them to be taken up when they should
 go a-shipping. Eight horses would
 be procured, four to be left as a relay
 at an inn between Berkeley castle and
 Bristol and four to be kept at the re-
 deemers some two leagues the other
 side of Berkeley for the use of Bran-
 don, Mary and the two men from Bris-
 tol who were to act as an escort on the
 eventful night. There was one dis-
 agreeable little feature that we could
 not provide against nor entirely elimi-
 nate. It was the fact that Jane and I
 should be suspected as accomplices
 before the fact of Mary's elopement,
 and, as you know, to assist in the ab-
 duction of a princess is treason, for
 which there is but one remedy. I
 thought I had a plan to keep ourselves
 safe if I could only stifle for the once
 Jane's troublesome and vigorous ten-
 dency to preach the truth to all people
 upon all subjects and at all times and
 places. She promised to tell the story
 I should drill into her, but I knew the
 truth would seep out in a thousand
 ways. She could no more hold it than
 a sieve can hold water. We were play-
 ing for great stakes, which, if I do say
 it, none but the bravest hearts, bold
 and daring as the truest knights of
 chivalry, would think of trying for—
 nothing less than the running away
 with the first princess of the first blood
 royal of the world. Think of it! It
 appalls me even now. Discovery meant
 death to one of us surely, Brandon;
 possibly to two others, Jane and me,
 certainly if Jane's truthfulness should
 become unmanageable, as it was apt
 to do.

After we had settled everything we
 could think of the girls took their leave,
 Mary wily kissing Brandon at the
 door. I tried to induce Jane to follow
 her lady's example, but she was as
 cool and distant as the new moon.

The next day Brandon paid his re-
 spects to the king and queen, made his
 adieu to his friends and rode off alone
 to Bristol. You may be sure the king
 showed no signs of undue grief at his
 departure.

CHAPTER XVI.

A HAWKING PARTY.

A FEW days after Brandon's
 departure, Mary, with the
 king's consent, organized a
 small party to go over to
 Windsor for a few weeks during the
 warm weather.

There were ten or twelve of us, in-
 cluding two chaplains, the old Earl of
 Hertford and the dowager Duchess of
 Kent. Heavy might we well have sent
 along a pair of spaulds to act as chap-
 erons—it would have taken an army
 to guard Mary alone—and to tell you
 the truth our old chaplains needed
 watching more than any of us. It was
 scandalous. Each of them had a touch
 of gout, and when they made wry
 faces it was a standing inquiry among
 us whether they were leaning at each
 other or felt a twinge—whether it was
 their feet or their hearts that troubled
 them.

Mary led them a pretty life at all
 times, even at home in the palace, and
 I know they would rather have gone
 off with a pack of lumps than with us.
 The inducement was that it gave them
 better opportunities to be together, an
 arrangement conceived at by the queen,
 I think, and they were satisfied. The
 earl had a wife, but he fancied the old
 dowager and she fancied him, and
 probably the wife fancied somebody
 else, so they were all happy. It great-
 ly amused the young people, you may
 be sure, and Mary said, probably with-
 out telling the exact truth, that every
 night she prayed God to pity and for-
 give their ugliness. One day the prin-
 cess said she was becoming alarmed.
 Their ugliness was so intense she feared
 it might be contagious and spread.
 Then, with a most comical seriousness,
 she added:

"Mon Dieu, Sir Edwin, what if I
 should catch it? Master Charles would
 not take me."

"No danger of that, my lady. He is
 too devoted to see anything but beauty
 in you, no matter how much you might
 change."

"Do you really think so? He says
 so little about it that sometimes I al-
 most doubt."

Therein she spoke the secret of Bran-
 don's success with her, at least in the
 beginning, for there is wonderful po-
 tency in the stimulus of a healthy lit-
 tle doubt.

We had a delightful canter over to
 Windsor, I riding with Mary most of
 the way. I was not averse to this ar-
 rangement, as I not only relished Ma-
 ry's mirth and joyousness, which were
 at their height, but hoped I might give
 my little Lady Jane a twinge or two
 of jealousy, perchance to fertilize her
 sentiments toward me.

Mary talked and laughed and sang,
 for her soul was a fountain of glad-
 ness that bubbled up the instant pres-
 sure was removed. She spoke of little
 but our last trip over this same road,
 and as we passed objects on the way,
 told me of what Brandon had said at
 this place and that. She laughed and
 danced exquisitely in relating how
 she had deliberately made opportuni-
 ties for him to flatter her until at last
 he smiled in her face and told her she
 was the most beautiful creature liv-
 ing, but that, after all, "beauty was as
 beauty did."

"That made me angry," said she. "I
 pouted for awhile and two or three
 times was on the point of dismissing
 him, but thought better of it and asked
 him plainly wherein I did so much
 amies. Then what do you think the
 impatient fellow said?"

"I cannot guess."

"He said, 'Oh, there is so much it
 would take a lifetime to tell.'"

"This made me furious, but I could
 not answer, and a moment later he
 said, 'Nevertheless I should be only
 too glad to undertake the task.'"

"The thought never occurred to ei-
 ther of us then that he would be taken
 at his word, did it? I should think he
 was! I never saw anything like it! I
 have not told you a tenth part of what
 he said to me that day. He said any-
 thing he wished, and it seemed that I
 could neither stop him nor retaliate.
 Half the time I was angry and half
 the time amused, but by the time we
 reached Windsor there never was a
 girl more heartily and desperately in
 love than Mary Tudor." And she
 laughed as if it were a huge joke on
 Mary.

She continued: "That day settled
 matters with me for all time. I don't
 know how he did it. Yes, I do." And
 she launched forth into an account of
 Brandon's perfections, which I found
 somewhat dull, and so would you.

We remained a day or two at Wind-
 sor and then, over the objections of our
 chaplains, moved on to Berkeley castle,
 where Margaret of Scotland was spend-
 ing the summer.

 On the Scales

A great many interesting facts may be discovered with a
 pair of scales, but it is doubtful if any single fact will be more
 interesting and valuable to the average woman than the weight
 of her shoes.

For this tells her the num-
 ber of ounces that must be
 lifted thousands of times each
 day, and a little calculation
 will show that she lifts tons
 of shoe leather a day—no
 small labor in itself.

The "Dorothy Dodd" shoe
 saves the lifting of more than
 one and one-half tons every day. A pair of "Dorothy Dodd"
 shoes are several ounces lighter than ordinary shoes. The feet
 are just so much more comfortable, and you are so much less
 tired. Put a pair to the test!

"Dory" Poe, the Pittsburg river and weather prophet, predicts a good rise about the middle of June, which will furnish water for at least another month. Poe's river predictions are considered good and rivermen are now looking forward to the June rise, especially the coal men, who by that time will have millions of bushels ready to ship south.

Business on the river has been brisk and increasing during the last few days. The bank landings have dried up and the roads leading to them improved so that farmers can haul their products and the packets get in and out without much trouble. The city wharf presented a busy, bustling scene yesterday and all the boats are busy coming and going. The freight and passenger business is rapidly increasing.

Capt. W. H. Christian, commander of the E. A. Woodruff, sent out the following notice: "The United States snagboat E. A. Woodruff has gone into commission for the removal of obstructions from the Ohio river. All persons interested in navigation on the Ohio river having knowledge of the location of river obstructions are kindly requested to communicate the same either to Col. G. J. Lydecker, corps of engineers, U. S. A., or to Capt. W. H. Christian, master of the United States snagboat E. A. Woodruff, room 405 Customhouse, Cincinnati, O."

REUNION OF GRAY

Gen Bennett Young Issues Instructions.

Promises for the Usual Large Representation From Kentucky.

General Bennett H. Young, commanding the Kentucky division, United Confederate Veterans, has issued formal instructions at Louisville for the Kentucky veterans at the New Orleans reunion, which will begin May 19.

The staff headquarters of the division will be located at 805 St. Charles street. The state headquarters have not been allotted. The staff headquarters will be in charge of Major Andrew M. Sea.

On account of a bereavement in her family Miss Birdella Megibben, of Cynthiana, has resigned as sponsor for the division and Miss Virginia Hart, of Cynthiana, her personal maid of honor, has been appointed sponsor instead.

There is every indication that Kentucky will have her usual admirable representation at the reunion. Louisville will make no bid for the reunion next year.

It is not known how many will go from Paducah.

A NEW CAPTAIN NOW

Tom Clifford Resigned as Captain of Paducah Club.

Harry Lloyd Was Appointed to Succeed Him—Great Interest in Sunday's Game.

Tom Clifford, who has been captain of the local professional K. I. T. base ball club, has resigned and Harry Lloyd, one of the crack pitchers, has been elected to fill his place. Mr. Clifford did not care to take the captainship from the first but agreed to at the solicitation of both the club and association members.

"Chief" Lloyd is a wide-awake and up-to-date man and will make the team a good captain.

Today the boys are out working hard for the coming games with Hopkinsville Sunday and Monday. It is expected that fully 6,000 people will be out to see Sunday's game as it will be the first game of the season here and the public is eager to see some fast ball playing. Mr. Gus Thompson, of the street car company, has worked the grounds into the best condition possible, and the players have nothing to complain of now. The game Sunday will be hot and furious and will be something well worth seeing.

GRANTED REQUEST

The Illinois Central to Inaugurate New Plan.

Receiving Department of the Freight House to Be Open Until 5:30 P. M.

Some time ago the Commercial club and the Wholesale Grocers' association petitioned the I. C. Railroad company to keep their receiving department of the local freight offices open until 5:30 instead of closing at 5 as has been the custom. The railroad people today notified the association that they would do so for two months to see how the plan works and it will go into effect at once. However the freight taken to the depot after 5 o'clock will not go out the same afternoon. It will be received and sent out the next day. This will be good news to shippers for on very busy days it is a task to get everything to the depot that should go before the closing hour.

DELAYED BY HOT BOX. The noon passenger train over the Illinois Central was delayed two hours today by a hot box, which prevented the engine making the time.
